EDUCATION

ABES Engineering College

Bachelor of Technology in Electronics & Communication Engineering

2020 - 2024

Daffodils Public School

Intermediate

2019 - 2020

B.N.S English School

Secondary School

2016 - 2017

SKILLS

Programming Language: C++, JavaScript.

Front-end: HTML, CSS, Bootstrap, ReactJs, Redux, Redux saga.

Back-end: NodeJs, ExpressJs, and RestAPI Design.

DataBase: MongoDB.

Tools: VS Code, Git.

Problem Solver: Solved more than 100 coding problems in C++

WORK EXPERIENCE

Salesqueen Software Solutions

FRONT-END DEVELOPER INTERN

August 2024 - October 2024

- Developed front-end components and interactive features using HTML, CSS, JavaScript, and Bootstrap to enhance the user experience of web applications.
- Also work closely with senior developers and testers to implement design specifications and ensure cross-browser compatibility and optimize performance.

PROJECT

Swiggy Clone (MERN Stack)

Developed a Swiggy clone application using the MERN stack (MongoDB, Express.js, React.js, Node.js) with Redux Toolkit for state management.

- **Frontend:** Built a responsive user interface using React.js, implementing state management with Redux Toolkit for efficient data flow and real-time updates.
- **Backend:** Designed and developed RESTful APIs using Node.js and Express.js for handling CRUD operations and user authentication using JWT token.
- **Database:** Utilized MongoDB for storing and managing user data, orders, and product information.

TRAVEL REACT APP [🔗](#)

- Build a travel website using ReactJS and CSS that has multiple pathways and pages, including HOME, ABOUT US, CONTACT US, LOGIN, and SIGNUP.
- It is fully responsive and hosted on Netlify.

TODO REACT APP [🔗](#)

- Developed a fully functional to-do application that allows users to manage their tasks efficiently, like creating, reading, and deleting tasks. It also filters the tasks based on complete or incomplete.
- Implemented a clean, user-friendly interface with Bootstrap and ensured responsive design.

FITNESS STAR GYM [🔗](#)

- Designed and developed a comprehensive gym website to provide information about, services, blogs, and membership plans the website is fully responsive and optimized for various devices.
