Education

ABES ENGINEERING COLLEGE	2020 - 2024
B.Tech in Electronic and Communication Engineering	CGPA: 6.77
DAFFODIELS PUBLIC SCHOOL	2019 - 2020
Senior Secondary School	Percent: 70
B.N.S ENGLISH SCHOOL	2016 - 2017
Secondary School	CGPA: 7.6

Technologies

Languages: C++, Python, JavaScript.

Front-End: HTML, CSS, JavaScript, BootStrap, ReactJs, Redux-Toolkit, Redux-Saga.

Back-End: NodeJs, ExpressJs, and RESTful APIs Design.

Database: MongoDB, DBMS, SQL.

Tools: Postman, Render, Git, Vercel, VS Code.

Experience

FRONT-END DEVELOPER INTERN, Salesqueen Software Solutions   Aug 2024 – Oct 2024

- Developed front-end components and interactive features using HTML, CSS, JavaScript, and Bootstrap to enhance the user experience of web applications.

Certificate

- **Modern JavaScript for React Js - ES6**, By Udemy   Link
- **Python Complete Course**, By Udemy   Link

Projects

Swiggy Clone Project Link   **MERN Stack**

- Developed a full-fledged Swiggy clone using the MERN stack (MongoDB, Express.js, React.js, Node.js) with Redux-Saga for efficient state management.
- **Frontend:** Built a responsive and interactive UI using ReactJS, ensuring a seamless user experience with Redux Saga for optimized data handling.
- **Backend:** Designed and implemented RESTful APIs using Node.js and Express.js for secure authentication (JWT) and CRUD operations.
- **Databse:** Utilized MongoDB to store and manage user data, orders, and product details.

Portfolio Project Link   **ReactJs, BootStrap**

- Designed and developed a fully responsive and dynamic portfolio website using ReactJS and Bootstrap.
- Integrated smooth animations to enhance the user experience and provide interactive navigation.
- Successfully hosted the website on Vercel to ensure seamless accessibility.
- Deployed the website on Vercel for seamless accessibility.

To-Do App Project Link   **ReactJs, BootStrap**

- Created a task management application using ReactJS and Bootstrap, enabling users to efficiently manage tasks.
- Features include creating, reading, updating, and deleting (CRUD) tasks and marking tasks as completed or pending and Ensured a clean UI and smooth user experience for better task organization
